The contents of U. S. Army file XE 23 55 39 concerning Heinrich MUELLER, last Chief of the Gestapo, do not reflect the CIC investigation of MUELLER which was undertaken in the period 1945-1947.

Would it be possible to conduct a re-check and determine whether there is material relating to the investigation of this person as well as of other SS/RSHA individuals in the automatic arrest category by

Headquarters Third Army
Judge Advocates Section
War Crimes Group (Heidelberg)

and other U.S. components is filed?

It would seem that somewhere in the U.S. Army records system there would be a complete investigation report for the 1945-1947 period on this important individual -- or else it would seem likely that there ought to be a record of its loss or disappearance.
